

# Product & engineering team extension for fintech

Launched in May 2021, Zeller is an Australian fintech scale-up reimaging business banking services for businesses of all sizes.

Zeller needed a dedicated extension to their product and engineering teams to support the enhancement of their solution ahead of a product launch.

With an initial 12-month timeline, Netguru's team was asked to **scale up the business and accelerate delivery.**

# We provided:

- ✓ Product design
- ✓ Web development
- ✓ Mobile development

# Results?

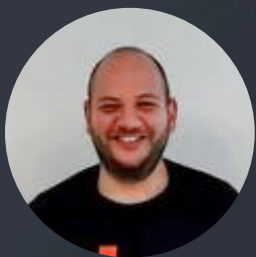

N

In its first 8 months post-launch, Zeller signed up over 10,000 businesses to their solution, establishing itself as one of Australia's fastest-growing fintechs.

"Netguru shares our high standards for quality and speed of execution."
